

Fortune University
MAGAMA · BAUCHI STATE

UNDERGRADUATE PROSPECTUS · 2026/2027

Learning today for a better tomorrow

Twenty-seven degree programmes in five faculties at Nigeria's newest private university, in Magama, Bauchi State. Admission into the pioneer session is now open.

Licensed by the Federal Government of Nigeria
NUC Provisional Licence No. 199 · 21 October 2026

"Learning Today for a Better Tomorrow"

PIONEER SESSION 2026/2027

Welcome to Fortune University

Fortune University, Magama, was licensed by the Federal Government of Nigeria on 21 October 2026. This prospectus describes what we teach, who can apply, what it costs and what life on our campus is like.

01

Welcome from the Vice-Chancellor

Professor A. M. Sani
Vice-Chancellor

It gives me great pleasure to welcome you to Fortune University, Magama.

On 21 October 2026 the Federal Government of Nigeria, through the National Universities Commission, granted our University its provisional licence. With it came a responsibility we take seriously: to offer young Nigerians, especially in Bauchi State and the North-East, a university education that is rigorous, affordable and relevant to the world they will work in.

We have chosen our first programmes carefully. Computing, the natural and applied sciences, the allied health professions, management and the social sciences, and teacher education are the fields in which our region most needs skilled people. Each programme follows the Core Curriculum and Minimum Academic Standards of the NUC and adds practical training, industrial attachment and entrepreneurship.

As a pioneer student you will be taught in small classes by lecturers who know you by name, in laboratories and lecture theatres verified by the NUC. You will live on a safe campus with places of worship, sports and a health centre. And you will help to shape the traditions of a new university.

Our motto, *Learning Today for a Better Tomorrow*, sums up our promise. I invite you to read this prospectus, visit our campus, and apply to join us.

Professor A. M. Sani
Vice-Chancellor
FWACN, RN, RM, RPHN, mNIM, BNSc (ABU), MSc (UG Ghana), PhD (UPM Malaysia)

02

About Fortune University

A private university licensed by the Federal Government of Nigeria, founded to widen access to quality higher education in Bauchi State and the North-East.

Our vision

To be the leading private university in Northern Nigeria, known for graduates of sound knowledge, upright character and a lifelong commitment to the service of their communities.

Our mission

To provide accessible, affordable and internationally benchmarked university education; to advance knowledge through research that answers the needs of the North-East; and to build in every student the integrity and skills to lead.

Our philosophy

That education is complete only when knowledge, character and service go together. A Fortune graduate should know their discipline thoroughly, behave honourably and use their learning to improve the lives of others.

Our core values

Excellence

We hold our teaching, examinations and research to the standards of the best universities, and expect the same seriousness from our students.

Integrity

Honest admissions, transparent fees, merit-based appointments and zero tolerance for malpractice, plagiarism and corruption.

Character

Discipline, courtesy and respect for others are taught and modelled on campus. Character is part of the curriculum.

Service

Students and staff give back in clinics, schools, farms and communities across Bauchi State and beyond.

Inclusion

Qualified Nigerians of every state, faith and background are welcome, and we widen the participation of women in science.

Innovation

Original thinking, enterprise and practical solutions to local problems, from dryland farming to digital public services.

Motto

“Learning Today for a Better Tomorrow”

The University's emblem shows a sky-blue mortarboard above a navy shield, in which two figures hold up a globe, crossed by a fountain pen. Green laurels frame the shield, which rests on an open book: learning, achievement and service to the world.

03

Licence, proprietor and governance

FEDERAL REPUBLIC OF NIGERIA

PROVISIONAL LICENCE TO OPERATE AS A PRIVATE UNIVERSITY

SERIAL NO. 199

This is to certify that upon fulfillment of all requirements laid down in the Education (National Minimum Standards and Establishment of Institutions) Act, CAP E3, Laws of the Federation of Nigeria, 2004, the Federal Government has approved the establishment of

FORTUNE UNIVERSITY, MAGAMA GUMAU, BAUCHI STATE

and it is hereby registered and permitted to operate as a Private University in Nigeria

PROFESSOR ABDULLAHI YUSUFU RIBADU, FCISN
EXECUTIVE SECRETARY
NATIONAL UNIVERSITIES COMMISSION

Given under our seal and signatures
This 21st day of October, 2026

DR. MARUF TUNJI ALAUSA, CON
HONOURABLE MINISTER OF EDUCATION

The Provisional Licence to Operate as a Private University, Serial No. 199.

Fortune University was approved by the Federal Government under the *Education (National Minimum Standards and Establishment of Institutions) Act, CAP E3, Laws of the Federation of Nigeria, 2004*. Its Provisional Licence, **Serial No. 199**, is dated **21 October 2026** and signed by Professor Abdullahi Yusufu Ribadu, Executive Secretary of the National Universities Commission, and Dr. Maruf Tunji Alausa, Honourable Minister of Education.

The University will be monitored by the NUC for at least three years before it is considered for a substantive licence. Each programme will be accredited by the NUC, and professional programmes by their regulatory councils, as the first students progress.

The Proprietor

The University is promoted by **Fortune Magama Educational Services** (Business Name Registration No. 8888037), an education services and consultancy organisation registered with the Corporate Affairs Commission.

Governance

A **Board of Trustees** holds the University in trust for the Proprietor. The **Governing Council**, chaired by the Pro-Chancellor, oversees policy and finance, and the **Senate**, chaired by the Vice-Chancellor, is responsible for all academic matters.

Principal officers

Alhaji (Dr.) Muhammad Lawal Magama
PRO-CHANCELLOR & CHAIRMAN OF COUNCIL

Professor A. M. Sani
VICE-CHANCELLOR

Professor Hauwa Abdullahi Bello
DEPUTY VICE-CHANCELLOR (ACADEMIC)

Mallam Sani Garba Toro
REGISTRAR

Mr. Daniel Ayuba Pwajok
BURSAR

Dr. Rakiya Musa Abdulkadir
UNIVERSITY LIBRARIAN

04

Our campus

Fortune University stands on the Jos–Bauchi Road at Magama, in Toro Local Government Area of Bauchi State: about 75 km from Bauchi and 55 km from Jos.

The main gate

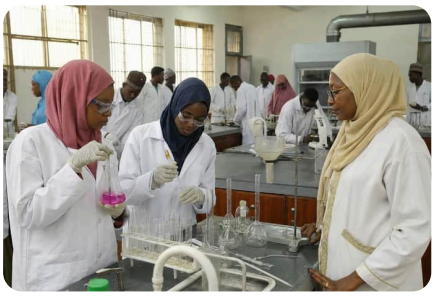

The Senate building

The University Library

The ICT laboratory

Science teaching laboratory

A lecture theatre

The take-off facilities of the University were inspected and verified by the National Universities Commission before the licence was granted. They include:

- the Senate building, with the Registry, Bursary and Admissions Office;
- lecture theatres and classrooms for the five faculties;
- science, computing and nursing skills laboratories;
- the University Library with print and electronic resources;
- the ICT centre, campus Wi-Fi and the student portal;
- separate halls of residence for male and female students;
- the University Health Centre, a central mosque and a chapel;
- a sports complex, student centre and cafeteria.

At an elevation close to that of the Jos Plateau, Magama enjoys a milder climate than much of the North-East, with cool harmattan mornings and open green countryside framed by granite hills.

Work on the second phase of the campus master plan has begun: new blocks for the Faculties of Allied Health Sciences and of Management and Social Sciences, a 600-bed female hostel and a sports pavilion. The campus is fenced, lit and guarded 24 hours a day, with solar power and standby generation.

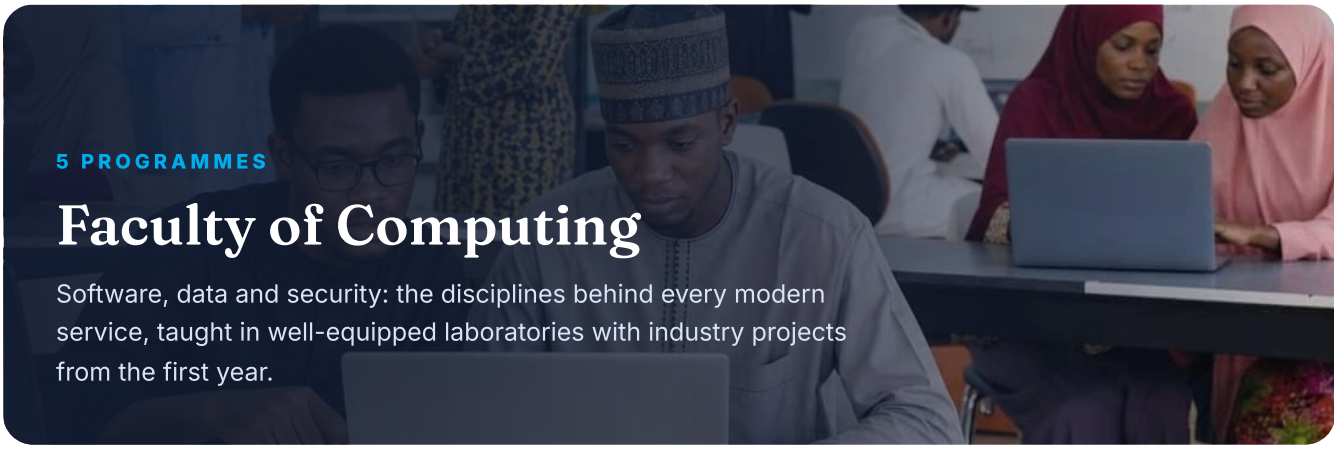

Some photographs in this prospectus show facilities of the campus master plan as they will appear on completion.

05

Faculties and programmes

Every programme follows the NUC Core Curriculum and Minimum Academic Standards (CCMAS), with General Studies and Entrepreneurship courses, practical work from the first year and industrial training, clinical postings or teaching practice in the later years.

FACULTY	PROGRAMMES
Faculty of Computing	B.Sc. Computer Science; B.Sc. Software Engineering; B.Sc. Cyber Security; B.Sc. Information Technology; B.Sc. Data Science
Faculty of Natural and Applied Sciences	B.Sc. Biochemistry; B.Sc. Microbiology; B.Sc. Industrial Chemistry; B.Sc. Physics with Electronics; B.Sc. Mathematics
Faculty of Allied Health Sciences	B.N.Sc. Nursing Science; B.M.L.S. Medical Laboratory Science; B.Sc. Public Health; B.Sc. Human Nutrition and Dietetics; B.Sc. Health Information Management
Faculty of Management and Social Sciences	B.Sc. Accounting; B.Sc. Business Administration; B.Sc. Economics; B.Sc. Banking and Finance; B.Sc. Mass Communication; B.Sc. Political Science; B.Sc. Criminology and Security Studies
Faculty of Education	B.Sc. (Ed.) Education and Biology; B.Sc. (Ed.) Education and Chemistry; B.Sc. (Ed.) Education and Mathematics; B.Sc. (Ed.) Education and Computer Science; B.Ed. Educational Management

5 PROGRAMMES

Faculty of Computing

Software, data and security: the disciplines behind every modern service, taught in well-equipped laboratories with industry projects from the first year.

The Faculty of Computing brings together the five disciplines that build and protect the digital world: Computer Science, Software Engineering, Cyber Security, Information Technology and Data Science. All five share a common first year, so every student gains a solid grounding in programming, mathematics and problem solving before specialising.

> **Professor Aliyu Sani Dahiru**
> Dean (Acting), Faculty of Computing · B.Sc., M.Sc., PhD (Computer Science), MCPN

B.Sc. Computer Science

4 years (UTME) · 3 years (Direct Entry) | Tuition ₦650,000 / session | Full-time, on campus

The science of computation and software: algorithms, programming, systems and artificial intelligence, taught through projects from the first semester.

UTME SUBJECTS

Use of English, Mathematics, Physics, Chemistry, Biology, Economics or Geography

O'LEVEL

Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics and Physics, and any two of Chemistry, Biology, Further Mathematics, Economics, Geography or Computer Studies.

DIRECT ENTRY

Two A Level, IJMB or JUPEB passes in Mathematics and Physics; or a National Diploma (Upper Credit) or Higher National Diploma in Computer Science or a closely related field. Direct Entry candidates must also meet the O'Level requirements and join at 200 Level.

CAREERS

Software developer, Systems analyst, Machine learning engineer, Database administrator, IT consultant, University lecturer and researcher

Graduates are eligible to register with the Computer Professionals (Registration Council of Nigeria) (CPN) and to join the Nigeria Computer Society (NCS). Accreditation of the programme by the CPN will be sought at the appropriate stage.

B.Sc. Software Engineering

4 years (UTME) · 3 years (Direct Entry) | Tuition ₦650,000 / session | Full-time, on campus

The engineering discipline of building reliable software: requirements, design, testing, delivery and maintenance of real systems in teams.

UTME SUBJECTS

Use of English, Mathematics, Physics, Chemistry, Biology, Economics or Geography

O'LEVEL

Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics and Physics, and any two of Chemistry, Biology, Further Mathematics, Economics, Geography or Computer Studies.

DIRECT ENTRY

Two A Level, IJMB or JUPEB passes in Mathematics and Physics; or a National Diploma (Upper Credit) or Higher National Diploma in Computer Science, Software Engineering or a related field. Direct Entry candidates join at 200 Level.

CAREERS

Software engineer, Mobile application developer, DevOps engineer, Quality assurance engineer, Product manager, Technical founder

Graduates are eligible to register with the Computer Professionals (Registration Council of Nigeria) (CPN) and to join the Nigeria Computer Society (NCS). Accreditation of the programme by the CPN will be sought at the appropriate stage.

B.Sc. Cyber Security

4 years (UTME) · 3 years (Direct Entry) | Tuition ₦650,000 / session | Full-time, on campus

Protecting systems, networks and data: cryptography, network defence, digital forensics and ethical hacking in a dedicated security laboratory.

UTME SUBJECTS

Use of English, Mathematics, Physics, Chemistry, Biology, Economics or Geography

O'LEVEL

Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics and Physics, and any two of Chemistry, Biology, Further Mathematics, Economics, Geography or Computer Studies.

DIRECT ENTRY

Two A Level, IJMB or JUPEB passes in Mathematics and Physics; or a National Diploma (Upper Credit) or Higher National Diploma in Computer Science, Cyber Security or a related field. Direct Entry candidates join at 200 Level.

CAREERS

Security analyst, Penetration tester, Digital forensics investigator, Security operations centre engineer, Information security officer, Risk and compliance consultant

Graduates are eligible to register with the Computer Professionals (Registration Council of Nigeria) (CPN) and the Nigeria Computer Society (NCS), and are prepared for international security certifications. Accreditation of the programme by the CPN will be sought at the appropriate stage.

B.Sc. Information Technology

4 years (UTME) · 3 years (Direct Entry) | Tuition ₦650,000 / session | Full-time, on campus

Designing, running and supporting the systems organisations depend on: networks, cloud services, databases and digital government.

UTME SUBJECTS

Use of English, Mathematics, Physics, Chemistry, Biology, Economics or Geography

O'LEVEL

Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics and Physics, and any two of Chemistry, Biology, Further Mathematics, Economics, Geography or Computer Studies.

DIRECT ENTRY

Two A Level, IJMB or JUPEB passes in Mathematics and one other science subject; or a National Diploma (Upper Credit) or Higher National Diploma in Computer Science, Information Technology or a related field. Direct Entry candidates join at 200 Level.

CAREERS

Network administrator, Systems administrator, Cloud support engineer, IT support manager, Database administrator, IT project manager

Graduates are eligible to register with the Computer Professionals (Registration Council of Nigeria) (CPN) and to join the Nigeria Computer Society (NCS). Accreditation of the programme by the CPN will be sought at the appropriate stage.

B.Sc. Data Science

4 years (UTME) · 3 years (Direct Entry) | Tuition ₦650,000 / session | Full-time, on campus

Turning data into decisions: statistics, machine learning, data engineering and visualisation, applied to health, agriculture, finance and government.

UTME SUBJECTS

Use of English, Mathematics, Physics, Chemistry, Biology, Economics or Geography

O'LEVEL

Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics and Physics, and any two of Chemistry, Biology, Further Mathematics, Economics, Geography or Computer Studies.

DIRECT ENTRY

Two A Level, IJMB or JUPEB passes including Mathematics; or a National Diploma (Upper Credit) or Higher National Diploma in Statistics, Computer Science or a related field. Direct Entry candidates join at 200 Level.

CAREERS

Data scientist, Data analyst, Data engineer, Business intelligence analyst, Monitoring and evaluation specialist, Research analyst

Graduates are eligible to register with the Computer Professionals (Registration Council of Nigeria) (CPN) and to join the Nigeria Computer Society (NCS). Accreditation of the programme by the CPN will be sought at the appropriate stage.

5 PROGRAMMES

Faculty of Natural and Applied Sciences

Laboratory science with a purpose: biochemistry, microbiology, chemistry, physics and mathematics applied to the health, food and industry of the North-East.

The Faculty of Natural and Applied Sciences offers degrees in Biochemistry, Microbiology, Industrial Chemistry, Physics with Electronics and Mathematics. It also teaches the basic sciences to students of the Faculties of Computing, Allied Health Sciences and Education, making it the scientific foundation of the University.

> **Professor Grace Nyam Dakup**
>
> Dean (Acting), Faculty of Natural and Applied Sciences · B.Sc., M.Sc., PhD (Biochemistry), FICCON

B.Sc. Biochemistry

4 years (UTME) · 3 years (Direct Entry) | Tuition ₦600,000 / session | Full-time, on campus

The chemistry of life: enzymes, metabolism, molecular biology and their use in medicine, nutrition, agriculture and industry.

UTME SUBJECTS
Use of English, Chemistry, Biology, Physics or Mathematics

DIRECT ENTRY
Two A Level, IJMB or JUPEB passes in Chemistry and Biology (or Botany or Zoology); or a National Diploma (Upper Credit) or Higher National Diploma in Science Laboratory Technology or a related field. Direct Entry candidates must also meet the O'Level requirements and join at 200 Level.

O'LEVEL
Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics, Biology, Chemistry and Physics.

CAREERS
Clinical biochemist, Quality control analyst, Research scientist, Food and beverage technologist, Pharmaceutical sales and regulatory officer, Science teacher and lecturer
Graduates may join the Nigerian Society of Biochemistry and Molecular Biology (NSBMB) and are eligible to register with the Institute of Chartered Chemists of Nigeria (ICCON). Professional recognition of the programme will be sought at the appropriate stage.

B.Sc. Microbiology

4 years (UTME) · 3 years (Direct Entry) | Tuition ₦600,000 / session | Full-time, on campus

Bacteria, fungi and viruses: how they cause disease, preserve and spoil food, clean the environment and power industry.

UTME SUBJECTS
Use of English, Chemistry, Biology, Physics or Mathematics

DIRECT ENTRY
Two A Level, IJMB or JUPEB passes in Chemistry and Biology (or Botany or Zoology); or a National Diploma (Upper Credit) or Higher National Diploma in Science Laboratory Technology or a related field. Direct Entry candidates must also meet the O'Level requirements and join at 200 Level.

O'LEVEL
Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics, Biology, Chemistry and Physics.

CAREERS
Microbiologist in hospitals and laboratories, Food safety and quality officer, Water quality analyst, Public health officer, Pharmaceutical and brewing industry scientist, Research scientist
Graduates may join the Nigerian Society for Microbiology (NSM) and proceed to postgraduate study in medical, environmental or industrial microbiology. Professional recognition of the programme will be sought at the appropriate stage.

B.Sc. Industrial Chemistry

4 years (UTME) · 3 years (Direct Entry) | Tuition ₦600,000 / session | Full-time, on campus

Chemistry for industry: chemical processes, analysis, quality control and the conversion of local raw materials into useful products.

UTME SUBJECTS
Use of English, Chemistry, Mathematics, Physics or Biology

DIRECT ENTRY
Two A Level, IJMB or JUPEB passes in Chemistry and Physics or Mathematics; or a National Diploma (Upper Credit) or Higher National Diploma in Science Laboratory Technology (Chemistry option) or Chemical Engineering Technology. Direct Entry candidates join at 200 Level.

O'LEVEL
Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics, Chemistry and Physics, and one of Biology, Agricultural Science or Further Mathematics.

CAREERS
Industrial chemist, Quality control manager, Production supervisor, Environmental and safety officer, Regulatory officer (NAFDAC, SON), Entrepreneur in chemical manufacturing
Graduates are eligible to register with the Institute of Chartered Chemists of Nigeria (ICCON) and to join the Chemical Society of Nigeria (CSN). Professional recognition of the programme will be sought at the appropriate stage.

B.Sc. Physics with Electronics

4 years (UTME) · 3 years (Direct Entry) | **Tuition ₦580,000 / session** | **Full-time, on campus**

Physics with a practical edge: electronics, instrumentation, embedded systems, telecommunications and renewable energy.

UTME SUBJECTS

Use of English, Physics, Mathematics, Chemistry

O'LEVEL

Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics, Physics and Chemistry, and one other science subject.

DIRECT ENTRY

Two A Level, IJMB or JUPEB passes in Physics and Mathematics; or a National Diploma (Upper Credit) or Higher National Diploma in Electrical/Electronic Engineering Technology or Science Laboratory Technology (Physics/Electronics). Direct Entry candidates join at 200 Level.

CAREERS

Electronics design engineer, Instrumentation technologist, Telecommunications engineer, Solar energy systems designer, Medical equipment technologist, Physics teacher and researcher

Graduates may join the Nigerian Institute of Physics (NIP) and proceed to postgraduate study in physics, electronics or engineering. Professional recognition of the programme will be sought at the appropriate stage.

B.Sc. Mathematics

4 years (UTME) · 3 years (Direct Entry) | **Tuition ₦500,000 / session** | **Full-time, on campus**

Pure and applied mathematics, from algebra and analysis to modelling, numerical methods and operations research.

UTME SUBJECTS

Use of English, Mathematics, Physics, Chemistry, Biology or Economics

O'LEVEL

Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics and Physics, and any two of Chemistry, Biology, Further Mathematics or Economics.

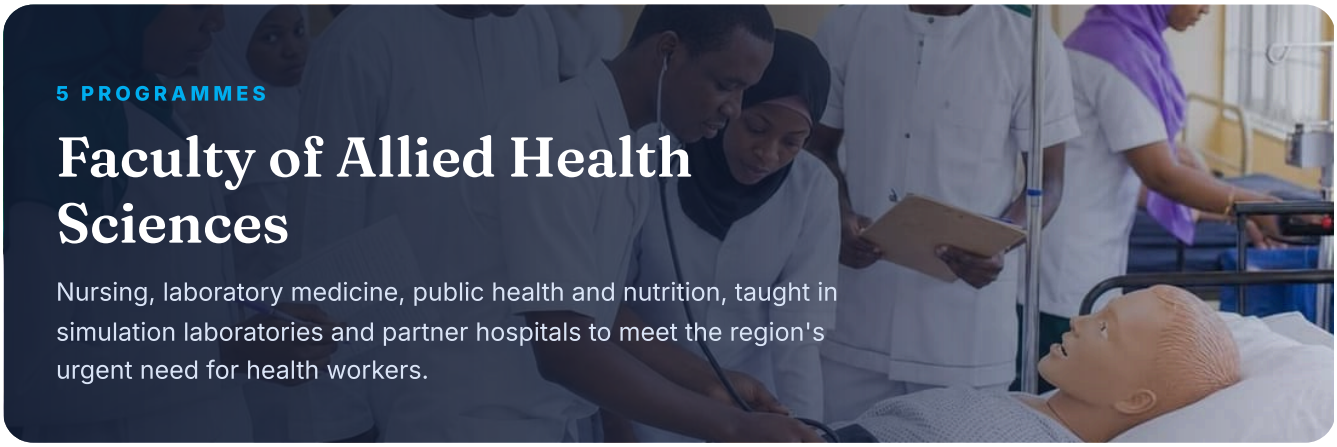

DIRECT ENTRY

Two A Level, IJMB or JUPEB passes in Mathematics and Physics or Further Mathematics; or a National Diploma (Upper Credit) or Higher National Diploma in Statistics or a mathematics-based field. Direct Entry candidates join at 200 Level.

CAREERS

Actuarial and financial analyst, Data analyst, Operations researcher, Mathematics teacher, Software and quantitative developer, University lecturer and researcher

Graduates may join the Nigerian Mathematical Society (NMS) and the Mathematical Association of Nigeria (MAN), and proceed to postgraduate study or actuarial examinations. Professional recognition of the programme will be sought at the appropriate stage.

5 PROGRAMMES

Faculty of Allied Health Sciences

Nursing, laboratory medicine, public health and nutrition, taught in simulation laboratories and partner hospitals to meet the region's urgent need for health workers.

The Faculty of Allied Health Sciences trains the health workers that Bauchi State and the North-East urgently need: nurses, medical laboratory scientists, public health specialists, dietitians and health information managers.

Dr. Fatima Bello Ningi
Dean (Acting), Faculty of Allied Health Sciences · RN, RM, B.N.Sc., M.Sc., PhD (Nursing Science), FWACN

B.N.Sc. Nursing Science

5 years (UTME) · 4 years (Direct Entry) | Tuition ₦1,250,000 / session | Full-time, on campus

A five-year professional degree that prepares compassionate, highly skilled nurses for hospitals and communities, combining biomedical science with supervised clinical practice.

UTME SUBJECTS
Use of English, Biology, Chemistry, Physics

O'LEVEL
Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics, Biology, Chemistry and Physics.

DIRECT ENTRY
Two A Level, IJMB or JUPEB passes in Biology and Chemistry; or registration as a Nurse (RN) or Midwife (RM) with the Nursing and Midwifery Council of Nigeria, together with the O'Level requirements. Direct Entry candidates join at 200 Level.

CAREERS
Registered nurse in hospitals, Public health and community nurse, Midwife (with further certification), Nurse educator, Nursing manager and administrator, Humanitarian and NGO health worker

Graduates sit the licensing examinations of the Nursing and Midwifery Council of Nigeria (NMCN) and complete the one-year internship before full registration. The programme will be presented to the NMCN for approval and accreditation at the appropriate stage, as the Council's regulations require.

B.M.L.S. Medical Laboratory Science

5 years (UTME) · 4 years (Direct Entry) | Tuition ₦1,050,000 / session | Full-time, on campus

Laboratory medicine: diagnosing disease through haematology, clinical chemistry, medical microbiology and histopathology, with a final-year specialisation.

UTME SUBJECTS
Use of English, Biology, Chemistry, Physics

O'LEVEL
Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics, Biology, Chemistry and Physics.

DIRECT ENTRY
Two A Level, IJMB or JUPEB passes in Biology and Chemistry; or a National Diploma (Upper Credit) or Higher National Diploma in Medical Laboratory Technology or Science Laboratory Technology (Microbiology or Biochemistry option), together with the O'Level requirements. Direct Entry candidates join at 200 Level.

CAREERS
Medical laboratory scientist, Blood bank and transfusion scientist, Public health laboratory scientist, Laboratory quality manager, Diagnostics company specialist, Researcher and lecturer

Graduates are inducted by the Medical Laboratory Science Council of Nigeria (MLSCN) and complete a one-year internship before full registration. The programme will be presented to the MLSCN for accreditation at the appropriate stage.

B.Sc. Public Health

4 years (UTME) · 3 years (Direct Entry) | **Tuition ₦750,000 / session** | **Full-time, on campus**

Protecting the health of whole populations through epidemiology, disease control, health promotion, environmental health and health policy.

UTME SUBJECTS
Use of English, Biology, Chemistry, Physics or Mathematics

DIRECT ENTRY
Two A Level, IJMB or JUPEB passes in Biology and Chemistry; or a National Diploma (Upper Credit) or Higher National Diploma in Community Health, Environmental Health or a related field. Direct Entry candidates join at 200 Level.

O'LEVEL
Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics, Biology, Chemistry and Physics.

CAREERS
Epidemiologist and disease surveillance officer, Health programme officer, Health educator, Monitoring and evaluation officer, Environmental and occupational health officer, Health policy analyst

The programme follows the NUC Core Curriculum and Minimum Academic Standards for Public Health. Graduates may proceed to the Master of Public Health and to careers with ministries of health, primary health care boards and international health agencies. Professional recognition will be sought at the appropriate stage.

B.Sc. Human Nutrition and Dietetics

5 years (UTME) · 4 years (Direct Entry) | **Tuition ₦800,000 / session** | **Full-time, on campus**

The science of food and nutrition and its use in preventing and treating disease, from community nutrition to clinical dietetics.

UTME SUBJECTS
Use of English, Chemistry, Biology, Physics or Mathematics

DIRECT ENTRY
Two A Level, IJMB or JUPEB passes in Chemistry and Biology; or a National Diploma (Upper Credit) or Higher National Diploma in Nutrition and Dietetics or Food Technology. Direct Entry candidates join at 200 Level.

O'LEVEL
Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics, Biology, Chemistry and Physics.

CAREERS
Clinical dietitian, Community and public health nutritionist, Nutrition officer with humanitarian agencies, Food industry product developer, Nutrition consultant, Researcher and lecturer

Graduates are eligible for membership of the Nutrition Society of Nigeria (NSN) and, after the prescribed internship, for registration as dietitians with the Institute of Dietetics in Nigeria (IDN). Professional recognition of the programme will be sought at the appropriate stage.

B.Sc. Health Information Management

4 years (UTME) · 3 years (Direct Entry) | **Tuition ₦650,000 / session** | **Full-time, on campus**

Managing the records, data and digital systems of health care: medical records, clinical coding, health statistics and electronic health records.

UTME SUBJECTS
Use of English, Biology, Chemistry, Physics or Mathematics

DIRECT ENTRY
Two A Level, IJMB or JUPEB passes including Biology; or a National Diploma (Upper Credit) or Higher National Diploma in Health Information Management or Health Records. Direct Entry candidates join at 200 Level.

O'LEVEL
Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics, Biology, Chemistry and Physics.

CAREERS
Health information manager, Medical records officer, Clinical coder, Health data analyst, Electronic health records specialist, Monitoring and evaluation officer

Graduates are eligible for registration with the Health Records Officers Registration Board of Nigeria (HRORBN). Accreditation of the programme by the Board will be sought at the appropriate stage.

7 PROGRAMMES

Faculty of Management and Social Sciences

Accounting, finance, business, economics, media and governance, with case teaching, professional certification and internships built into every programme.

The Faculty of Management and Social Sciences offers seven programmes: Accounting, Business Administration, Economics, Banking and Finance, Mass Communication, Political Science, and Criminology and Security Studies. Together they prepare graduates to run businesses, manage public institutions, inform the public and keep communities safe.

Professor Emmanuel Yohanna Bitrus
Dean (Acting), Faculty of Management and Social Sciences · B.Sc., M.Sc., PhD (Accounting), FCA

B.Sc. Accounting

4 years (UTME) · 3 years (Direct Entry) | **Tuition ₦550,000 / session** | **Full-time, on campus**

Financial reporting, auditing, taxation and management accounting, aligned with international standards and the professional examinations.

UTME SUBJECTS

Use of English, Mathematics, Economics, Any other arts or social science subject

DIRECT ENTRY

Two A Level, IJMB or JUPEB passes including Economics; or a National Diploma (Upper Credit) or Higher National Diploma in Accountancy. Direct Entry candidates join at 200 Level.

O'LEVEL

Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics and Economics, and any two other subjects.

CAREERS

Chartered accountant, Auditor, Tax consultant, Financial analyst, Public sector accountant, Forensic accountant

Graduates may sit the examinations of the Institute of Chartered Accountants of Nigeria (ICAN), the Association of National Accountants of Nigeria (ANAN) and the Chartered Institute of Taxation of Nigeria (CITN). Exemptions from the professional examinations will be sought at the appropriate stage.

B.Sc. Business Administration

4 years (UTME) · 3 years (Direct Entry) | **Tuition ₦520,000 / session** | **Full-time, on campus**

Management, marketing, finance and strategy for leaders of businesses, public organisations and new ventures.

UTME SUBJECTS

Use of English, Mathematics, Economics, Any other arts or social science subject

DIRECT ENTRY

Two A Level, IJMB or JUPEB passes including Economics; or a National Diploma (Upper Credit) or Higher National Diploma in Business Administration and Management or a related field. Direct Entry candidates join at 200 Level.

O'LEVEL

Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics and Economics, and any two other subjects.

CAREERS

Business manager, Marketing executive, Human resources officer, Operations and supply chain manager, Management consultant, Entrepreneur

Graduates may pursue membership of the Nigerian Institute of Management (Chartered) (NIM), the Chartered Institute of Personnel Management of Nigeria (CIPM) and the National Institute of Marketing of Nigeria (NIMN). Professional recognition will be sought at the appropriate stage.

B.Sc. Economics

4 years (UTME) · 3 years (Direct Entry) | **Tuition ₦520,000 / session** | **Full-time, on campus**

How economies work and how policy can improve them: micro and macroeconomics, econometrics, development, money and public finance.

UTME SUBJECTS

Use of English, Mathematics, Economics, Any other arts or social science subject

DIRECT ENTRY

Two A Level, IJMB or JUPEB passes including Economics; or a National Diploma (Upper Credit) or Higher National Diploma in a related field, with Economics and Mathematics at O'Level. Direct Entry candidates join at 200 Level.

O'LEVEL

Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics and Economics, and any two other subjects.

CAREERS

Economist and policy analyst, Bank and investment analyst, Development and planning officer, Research officer, Statistician, Lecturer and researcher

Graduates may join the Nigerian Economic Society (NES) and proceed to postgraduate study in economics, finance or public policy. Professional recognition will be sought at the appropriate stage.

B.Sc. Banking and Finance

4 years (UTME) · 3 years (Direct Entry) | **Tuition ₦550,000 / session** | **Full-time, on campus**

Banks, markets and money: corporate finance, investment, risk, financial regulation, Islamic banking and financial technology.

UTME SUBJECTS

Use of English, Mathematics, Economics, Any other arts or social science subject

DIRECT ENTRY

Two A Level, IJMB or JUPEB passes including Economics; or a National Diploma (Upper Credit) or Higher National Diploma in Banking and Finance or a related field. Direct Entry candidates join at 200 Level.

O'LEVEL

Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics and Economics, and any two other subjects.

CAREERS

Banker and relationship manager, Credit and risk analyst, Investment analyst, Microfinance manager, Fintech product specialist, Financial regulator

Graduates may pursue the professional qualifications of the Chartered Institute of Bankers of Nigeria (CIBN) and the Chartered Institute of Stockbrokers (CIS). Exemptions will be sought at the appropriate stage.

B.Sc. Mass Communication

4 years (UTME) · 3 years (Direct Entry) | Tuition ₦550,000 / session | Full-time, on campus

Journalism, broadcasting, public relations, advertising and digital media, learnt in a working radio and television studio.

UTME SUBJECTS

Use of English, Literature in English, Government or History, Economics, CRS, IRS or another arts subject

DIRECT ENTRY

Two A Level, IJMB or JUPEB passes in arts or social science subjects, including Literature in English; or a National Diploma (Upper Credit) or Higher National Diploma in Mass Communication. Direct Entry candidates join at 200 Level.

O'LEVEL

Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Literature in English, Mathematics, and any two other arts or social science subjects.

CAREERS

Journalist and reporter, Broadcaster and producer, Public relations officer, Advertising and brand executive, Digital media and social media manager, Information officer in government

Graduates may pursue membership of the Nigerian Institute of Public Relations (NIPR), registration with the Advertising Regulatory Council of Nigeria (ARCON) and membership of the Nigeria Union of Journalists (NUJ). Accreditation will be sought at the appropriate stage.

5 PROGRAMMES

Faculty of Education

Science and mathematics teachers, and the school leaders who support them, trained through supervised teaching practice in schools across Bauchi State.

The Faculty of Education trains the science, mathematics and computer science teachers that secondary schools in the North-East most need, and the school leaders who support them. Its graduates hold a degree in their teaching subject together with full professional training as teachers.

Professor Abdulkadir Isa Darazo

Dean (Acting), Faculty of Education · NCE, B.Sc. (Ed.), M.Ed., PhD (Science Education), TRCN

B.Sc. (Ed.) Education and Biology

4 years (UTME) · 3 years (Direct Entry) | **Tuition ₦400,000 / session** | **Full-time, on campus**

Training biology teachers for secondary schools: biology content, laboratory skills and the methods of teaching it well.

UTME SUBJECTS
Use of English, Biology, Chemistry, Physics or Mathematics

O'LEVEL
Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics, Biology and Chemistry, and one other science subject.

DIRECT ENTRY
Two A Level, IJMB or JUPEB passes including Biology; or an NCE (Merit) in Biology combined with another science subject, with the O'Level requirements. Direct Entry candidates join at 200 Level.

CAREERS
Secondary school biology teacher, Science curriculum officer, Examinations officer, Science education researcher, School administrator, Environmental educator

Graduates are eligible to sit the Professional Qualifying Examination of the Teachers Registration Council of Nigeria (TRCN) and to register as professional teachers. Accreditation of the programme will be sought at the appropriate stage.

B.Sc. (Ed.) Education and Chemistry

4 years (UTME) · 3 years (Direct Entry) | **Tuition ₦400,000 / session** | **Full-time, on campus**

Training chemistry teachers for secondary schools, combining degree-level chemistry with professional teacher education.

UTME SUBJECTS
Use of English, Chemistry, Mathematics, Physics or Biology

O'LEVEL
Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics, Chemistry and Physics, and one other science subject.

DIRECT ENTRY
Two A Level, IJMB or JUPEB passes including Chemistry; or an NCE (Merit) in Chemistry combined with another science subject, with the O'Level requirements. Direct Entry candidates join at 200 Level.

CAREERS
Secondary school chemistry teacher, Science laboratory coordinator, Examinations officer, Curriculum developer, School administrator, Science education researcher

Graduates are eligible to sit the Professional Qualifying Examination of the Teachers Registration Council of Nigeria (TRCN) and to register as professional teachers. Accreditation of the programme will be sought at the appropriate stage.

B.Sc. (Ed.) Education and Mathematics

4 years (UTME) · 3 years (Direct Entry) | **Tuition ₦380,000 / session** | **Full-time, on campus**

Training mathematics teachers who make the subject clear and enjoyable, with degree-level mathematics and modern teaching methods.

UTME SUBJECTS
Use of English, Mathematics, Physics, Chemistry or Economics

O'LEVEL
Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics and Physics, and two other subjects.

DIRECT ENTRY
Two A Level, IJMB or JUPEB passes including Mathematics; or an NCE (Merit) in Mathematics combined with another subject, with the O'Level requirements. Direct Entry candidates join at 200 Level.

CAREERS
Secondary school mathematics teacher, Examinations and assessment officer, Curriculum developer, Educational statistician, School administrator, Mathematics education researcher

Graduates are eligible to sit the Professional Qualifying Examination of the Teachers Registration Council of Nigeria (TRCN) and to register as professional teachers. Accreditation of the programme will be sought at the appropriate stage.

B.Sc. (Ed.) Education and Computer Science

4 years (UTME) · 3 years (Direct Entry) | Tuition ₦420,000 / session | Full-time, on campus

Training computer science and digital literacy teachers for secondary schools, with programming, networks and educational technology.

UTME SUBJECTS
Use of English, Mathematics, Physics, Chemistry, Biology or Economics

DIRECT ENTRY
Two A Level, IJMB or JUPEB passes including Mathematics; or an NCE (Merit) in Computer Science combined with another subject, with the O'Level requirements. Direct Entry candidates join at 200 Level.

O'LEVEL
Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language, Mathematics and Physics, and any two of Chemistry, Biology, Economics or Computer Studies.

CAREERS
Secondary school computer science teacher, School ICT coordinator, E-learning content developer, Educational technology specialist, Digital skills trainer, Curriculum developer
Graduates are eligible to sit the Professional Qualifying Examination of the Teachers Registration Council of Nigeria (TRCN) and to register as professional teachers. Accreditation of the programme will be sought at the appropriate stage.

B.Ed. Educational Management

4 years (UTME) · 3 years (Direct Entry) | Tuition ₦380,000 / session | Full-time, on campus

Preparing school leaders, administrators and education planners: management, planning, finance, supervision and policy.

UTME SUBJECTS
Use of English, Economics or Government, Mathematics, Any other subject

DIRECT ENTRY
Two A Level, IJMB or JUPEB passes in relevant subjects; or an NCE (Merit) in any two subjects, with the O'Level requirements. Direct Entry candidates join at 200 Level.

O'LEVEL
Five credit passes in SSCE (WAEC or NECO) or NABTEB, in not more than two sittings, including English Language and Mathematics, and three other subjects, at least one of which is Economics or Government.

CAREERS
School principal and head teacher, Education administrator, Education planning officer, School inspector and quality assurance officer, Education programme officer with NGOs, Researcher in education management
Graduates are eligible to sit the Professional Qualifying Examination of the Teachers Registration Council of Nigeria (TRCN) and to register as professional teachers. Accreditation of the programme will be sought at the appropriate stage.

06

Admissions

Admission into the pioneer 2026/2027 session is open to UTME and Direct Entry candidates.

Who can apply

- **UTME:** 2026 UTME score of 150 or above in the required subjects.
- **O'Level:** five credits, including English Language and Mathematics, in not more than two sittings (WAEC, NECO, NABTEB). See each programme for its subjects.

Key dates

10 Nov 2026	**Online application opens** UTME and Direct Entry candidates apply at the Fortune University portal.

- **Direct Entry (200 level):** two A Level passes (IJMB, JUPEB, GCE) or ND/NCE at upper credit, plus the O'Level requirements.
- Candidates who did not choose Fortune University in UTME may apply and change institution on the JAMB portal.
- Candidates awaiting their O'Level results may apply and upload them before screening.

How to apply

1. Create an account at www.fortuneuniversity.edu.ng/apply.
2. Pay the application and screening fee of ₦10,000 online.
3. Complete the form and upload your passport photograph, JAMB result, O'Level result(s), birth certificate and certificate of origin.
4. Submit and print your acknowledgement slip; your screening date is shown on your dashboard.
5. Attend screening, then accept your offer on JAMB CAPS and pay the acceptance fee of ₦50,000.

19 Dec 2026	**Application closes** Last day to submit a completed application and screening fee.
4–8 Jan 2027	**Screening & interviews** Document verification and a short interview on campus or online.
12 Jan 2027	**First admission list** Published on the portal and uploaded to JAMB CAPS for acceptance.
1 Feb 2027	**Resumption of fresh students** Arrival, hostel allocation, registration and orientation week.
8 Feb 2027	**Lectures begin** First semester lectures of the pioneer academic session.

> **No agents.** The University has no admission agents and never asks for payment into a personal account. Pay only through the portal or at the Bursary.

07

Fees 2026/2027

Tuition per session, with the totals a fresh and a returning student pay. Accommodation is optional and is shown separately.

- Tuition may be paid in two instalments: 70% at registration and 30% before the second-semester examinations.
- A 5% discount on tuition applies when the full session's fees are paid before resumption.
- Families with two or more students enrolled at the same time receive a 10% tuition discount for each younger sibling.

08

Scholarships and financial aid

We want the best students to join our pioneer class, whatever their means.

AWARD	WHO QUALIFIES	VALUE
Proprietor's Merit Scholarship	UTME 300 and above	100% of first-year tuition
	UTME 270 – 299	50% of first-year tuition
	UTME 250 – 269	25% of first-year tuition
Host Community Scholarship	Indigenes of Toro LGA	25% of tuition
Women in Science and Technology Award	Female students in Computing and in Natural and Applied Sciences	20% of tuition
Sibling discount	Two or more children enrolled at the same time	10% for each younger sibling
Early payment discount	Full session's fees paid before resumption	5% of tuition
Need-based bursary	Students in financial hardship, on application after the first semester	Varies

The Merit Scholarship is applied automatically with the offer of admission and renewed each session with a CGPA of 4.00 or above and a clean disciplinary record. Only one scholarship applies at a time (the highest); the sibling and early-payment discounts apply on top.

09

Student life and accommodation

A safe, residential campus where students learn, worship, play and grow together.

A hall of residence

The student centre

The sports complex

The central mosque

The chapel

The Health Centre

Halls of residence

Separate halls for male and female students, with standard (four per room) and premium (two per room, en-suite) rooms, study areas, kitchenettes, laundry and 24-hour security. Rooms are allocated on the portal after payment.

Health and welfare

The University Health Centre is open 24 hours for emergencies; every student is covered by health insurance. Counsellors in the Student Affairs Division offer confidential support.

Faith and community

A central mosque and a chapel serve the campus. Students are free to practise their faith and are expected to respect the faith of others.

Clubs and sports

Football, athletics, basketball, volleyball and table tennis, plus departmental associations, debating, drama, press, Red Cross and enterprise clubs. Wednesday afternoons are kept free for sports and societies.

Conduct

Every student signs the Student Handbook and Code of Conduct. Cultism, drugs and examination malpractice are not tolerated.

10

Academic regulations in brief

MARK	GRADE	POINTS
70 – 100	A	5
60 – 69	B	4
50 – 59	C	3
45 – 49	D	2
40 – 44	E	1
0 – 39	F	0

CGPA	CLASS OF DEGREE
4.50 – 5.00	First Class
3.50 – 4.49	Second Class (Upper)
2.40 – 3.49	Second Class (Lower)
1.50 – 2.39	Third Class

- Continuous assessment counts for 30% and examinations for 70% of each course. At least 75% attendance is required to sit an examination.
- Students register 15 to 24 credit units each semester, including General Studies (GST) and Entrepreneurship (ENT) courses.
- Failed courses are carried over until passed. A CGPA below 1.00 leads to probation, and a second year below 1.00 to withdrawal from the programme.
- The maximum period of study is the normal duration plus 50%.

11

Calendar, directions and contacts

Academic calendar 2026/2027

10 Nov 2026	Online application opens (UTME and Direct Entry)
19 Dec 2026	Application closes
4 – 8 Jan 2027	Screening, document verification and interviews
12 Jan 2027	First admission list published and uploaded to JAMB CAPS
26 Jan 2027	Supplementary admission list
1 – 5 Feb 2027	Arrival of fresh students, hostel allocation, registration and orientation week
8 Feb 2027	First-semester lectures begin
19 Feb 2027	End of course registration (late registration attracts a charge)
27 Feb 2027	Matriculation ceremony of the pioneer students
9 – 12 Mar 2027	Break for Eid-el-Fitr (subject to the sighting of the moon)
31 May 2027	Second-semester registration and lectures begin
11 Jun 2027	End of second-semester course registration
12 Jun 2027	Democracy Day (public holiday)
16 – 20 Aug 2027	Revision week (Eid-el-Maulud expected 15 August)
